*...the sway of his, lay of his, play of his words
how he is the charisma - epitome of
his injection, inflection and how his words flow
what he is to me, gives to me
Lord, only knows how I savor the flavor
my heart in his hand
when he's speaking I'm weak and
I'm all taken in
he's melting me belting that deepness within
woe, take it slow, I'm only woman...*
